Jackie Onassis

Hi, I'm Jackie Onassis!

I am THRILLED to have been adopted by a wonderful family who brought me to a true doggie paradise! With over nine acres of fenced in property and three canine companions to run and romp with every day, I get plenty of exercise.

Every day I get loads of human companionship and lots of time, love and attention from my new parents AND from my canine companions. My parents adore me and bring me into the house everyday with my canine siblings. What a wonderful new life I have!

Thank you Mom & Dad for adopting me and giving me a new life!

Love, Jackie
